

## Sporturf™ Partners with Tyron Woodley to Develop Combat Turf™

### **FOR IMMEDIATE RELEASE**

Dalton, GA July 27, 2016

*Combat Turf, your newest training partner.*

Sporturf™ has joined forces with UFC MMA #2 Welterweight Tyron Woodley. In his UFC debut, Tyron executed an impressive 36-second KO of Jay Heiron- and put the welterweight division on notice. A previously targeted welterweight title bout between Robbie Lawler and Tyron Woodley is now official as the UFC 201 headliner. UFC 201 takes place at Phillips Arena in Atlanta on July 30.

Tyron is also the owner of ATT Evolution the premier fitness center specializing in mixed martial arts in Brentwood, Missouri. The center was founded by ranked UFC fighter Tyron Woodley and his wife Averil. ATT Evolution is focused on providing training in wrestling, boxing, Jui-Jitsu and Muay Thai that clients of all experience levels can grasp.

As soon as you walk in the facility it is impossible to miss the striking red and black Combat Turf™ that is spread throughout the gym. According to Woodley, *"I definitely think that Combat Turf™ is a competitive advantage. I don't think any mixed martial artist gym in St. Louis has Combat Turf™."*

Matt Riggs, Business Director for Sporturf™, wholeheartedly agrees with Woodley, adding that, *"Combat Turf™ is a superior product that can only add to the performance and usability of a facility. This partnership was such an incredible experience and it was an honor to be able to join forces with one of the top athletes in the MMA. We hope our partnership with Tyron and development of Combat Turf™ helps to promote the standards and values of Sporturf™ for years to come."*

Enhance your facility with Combat Turf™, the turf of The Chosen One. No more mess, crumb rubber or sand littering your facility or damaging your training equipment. The blend of nylon and polyethylene is an almost perfect 50/50 combination.

Sporturf™ worked closely with Woodley to provide the best turf to fit their specific needs due to their unique facility and training requirements. The agility training area of today must easily adapt to the ever changing fitness climate. Combat Turf™ is a new, customizable, surface that

delivers excellent comfort to athletes and durability to owners. It's clean and low maintenance and designed to fit your budget. Visit [www.combatturf.com](http://www.combatturf.com)

### **About Controlled Products and Sporturf™:**

Headquartered in Dalton, Georgia, Controlled Products ([www.cpturf.com](http://www.cpturf.com)) produces the highest quality synthetic turf in the industry for every possible application. Sustainability, innovation, research, the ability to customize deliverables and the use of advanced, state-of-the art technology are key priorities for the organization. Established in 1989, Controlled Products is an ISO 9001, ISO 14001 and OHSAS 18001 company. As a founding member of the Synthetic Turf Council (STC), and a STC Certified Manufacturer/Supplier, their expertise is unmatched in the industry. Their synthetic turf products are currently in use in thousands of athletic fields, playgrounds, landscape projects, golf courses and indoor sport facilities throughout the world.

Sporturf™ is leading the way in the synthetic turf industry with Game Ready, an entirely new product line up that allows owners, coaches and players to focus on the training, speed of the game and safety, all the things that matter. Game Ready is a no-nonsense product that was developed with all the performance characteristics players, coaches and owners demand. Game Ready is designed to provide facilities a premium and hassle free solution. The product installs in days and has no infill requirements making the product sand and rubber free.

Controlled Products is the parent company of Sporturf™ ([www.sporturf.com](http://www.sporturf.com)) which supplies large athletic facility customers and sells and installs athletic fields through preferred partners; Synthetic Turf International™ ([www.synthetic-turf.com](http://www.synthetic-turf.com)), whose network of distributors installs synthetic turf for golf, landscape, playground, pet turf and indoor sporting facilities; GrassTex™ ([www.grass-tex.com](http://www.grass-tex.com)), which distributes products through retailers, carpet stores and rock yards; Grass Turf Mills ([www.grassturfmills.com](http://www.grassturfmills.com)), manufacturer of private label brands for dealers and resellers and Aqua-Fab, designer of custom logos and images for synthetic turf projects.
