

Jefferson County

HIGHLIGHT REEL

High School Football Stadium

In early 2019 Sporturf™ installer Baseline Sports Construction, completed a turf installation at the Jefferson County High School in Dandridge, TN. In its first year of existence, the Tennessee School Board Association recognized the high school as the "School of the Year" in Tennessee. The academic, athletic, and activity programs have continued to excel since its opening. The Patriots enjoy the professional look and feel of their new turf thanks to Baseline's installation team. After researching the top synthetic turf systems on the market, the Patriots team chose Sporturf™ PowerHouse. The turf is used for practice as well as Friday night lights, among other team sports and school activities.
